When do I need to get there? What should I bring with me?

Registration is from 8:30 - 9:30, but all players should arrive by 9:30 to complete any needed paperwork. Games will start as close to 10:00 as possible. Subsequent rounds will start as soon as possible. **Players are to provide their own chess equipment (boards, pieces and clocks) as well as pens/pencils for notation.**

How does this mixed event work? Is it like other tournaments?

This is mainly an individual tournament. Individuals enter and compete in the 3 sections below. However, players within a section from the same club or school district will also compete for team prizes. Trophies will be awarded to the top 5 individuals in each section and to the 3 top-finishing teams, based on the highest aggregate of each team's top 4 finishers. Players may play up, but only same-section players contribute to team scores. Further, there is no requirement to field full 4-person teams.
